

## CONDITIONS - UNSOLICITED PROJECT PROPOSAL

By submitting your project, you agree to the following conditions:

- 1- You acknowledge that the Project has been submitted without solicitation from the Producer or its employees and officers. As such, no remuneration or compensation will be paid to you for the simple submission of the Project.
- 2- You accept that the Producer uses this Project, but only in order to evaluate its value, its viability and its feasibility.
- 3- You understand and agree that the Producer has many projects in development and that certain similarities may fortuitously exist between certain elements of these projects, or other projects received and your Project. You agree that such coincidental similarities do not constitute an infringement of your copyrights and that certain elements of a Project, including ideas, are not necessarily protected by copyright.
- 4- You agree that the Producer will not have, by the mere receipt of your project or its analysis, any particular duty or obligation towards you. However, the Producer undertakes to respect your copyrights and to negotiate with you in the event the Producer wishes to acquire certain rights to the Project.
- 5- You represent and warrant that you are the owner of all rights to the Project or are the authorized representative of the owners and therefore are able to submit the Project and accept these terms. Furthermore, to the best of your knowledge, the Project is original within the meaning of the *Copyright Act* and is therefore not inspired, copied, or otherwise based on another work or project.
- 6- If you send us a paper document or any other physical medium, you agree that it will not be returned to you.
- 7- Once we have had a chance to evaluate your Project and make a decision on your proposal, we will get back to you if we are interested in your Project. Depending on the Project, this process may take up to three (3) months. Please note that we will not respond to all submissions.
